Animation is a method in which pictures are manipulated to appear as moving images. In traditional animation, images are drawn or painted by hand on transparent celluloid sheets to be photographed and exhibited on film. Today, most animations are made with computer-generated imagery (CGI). Computer animation can be very detailed 3D animation, while 2D computer animation can be used for ...

The cel is an important innovation to traditional animation, as it allows some parts of each frame to be repeated from frame to frame, thus saving labor. A simple example would be a scene with two characters on screen, one of which is talking and the other standing silently. Since the latter character is not moving, it can be displayed in this scene using only one drawing, on one cel, while ...

Maya Angelou (1928-2014) was a modern day Renaissance woman " author, poet, activist, dancer, singer, director, teacher and hero. After her death last month, I was flooded with submissions from you to adapt one of her poems. I was a bit daunted when choosing which one to adapt since there are so many great poems to choose from which mean so much to so many people.
