This article discusses the gendered nature of politics (as practice) and political science (as an academic discipline). It studies the sex-typing characteristic of most institutions in the modern world and describes how gender shapes the ways people organize, think, and know about the world. The article then identifies the changes that have occurred in politics and political science over the ...

Historical background. Daniel 8 is an interpretation of the author's own time, 167-164 BCE, with a claim that God will bring to an end the oppression of the Jewish people. It begins with the Greek conquest of the Persian empire, touches on the rise of the four Greek successor-kingdoms, and then focuses on the career of Antiochus IV Epiphanes, who took the throne of Seleucid Syria in 175 BCE.

A self-help book is one that is written with the intention to instruct its readers on solving personal problems. The books take their name from Self-Help, an 1859 best-seller by Samuel Smiles, but are also known and classified under "self-improvement", a term that is a modernized version of self-help. Self-help books moved from a niche position to being a postmodern cultural phenomenon in the ...
