Geometrical optics, or ray optics, describes the propagation of light in terms of "rays" which travel in straight lines, and whose paths are governed by the laws of reflection and refraction at interfaces between different media. These laws were discovered empirically as far back as 984 AD and have been used in the design of optical components and instruments from then until the present day.

Optics - Wikipedia

This paper is a review of optical methods for online nondestructive food quality monitoring. The key spectral areas are the visual and near-infrared wavelengths. We have collected the information of over 260 papers published mainly during the last 20 years. Many of them use an analysis method called chemometrics which is shortly described in the paper.

A Review of Optical Nondestructive Visual and Near

Optical character recognition or optical character reader, often abbreviated as OCR, is the mechanical or electronic conversion of images of typed, handwritten or printed text into machine-encoded text, whether from a scanned document, a photo of a document, a scene-photo (for example the text on signs and billboards in a landscape photo) or from subtitle text superimposed on an image (for ...

Optical character recognition - Wikipedia

Optical Disks 5 At present the magneto-optical recording is the main technology used in WORM (write-many read-many) disks. Other methods have been demonstrated and one making use of

Chapter 12. Optical Disks - Ian McLoughlin

SPIE is dedicated to advancing the scientific research and engineering applications of optics and photonics through international conferences, education programs and publications.

The Department of Biomedical Engineering was established in 1968 at Case Western Reserve University, founded on the premise that engineering principles provide an important basis for innovative and unique solutions to a wide range of biomedical and clinical challenges.

Department of Biomedical Engineering < Case Western

The Department of Mechanical and Aerospace Engineering of the Case School of Engineering offers programs leading to bachelors, masters, and doctoral degrees.

Department of Mechanical and Aerospace Engineering - Case

Graduate Catalog, Mechanical and Aerospace Engineering. Admission. The applicant must first submit a completed an on-line application, application fee, and transcripts of all college work (directly from the institution) to the WVU Office of Admissions.
