Community Science provides an integrated approach to building the capacity of organizations and institutions, helping to develop healthy, just and equitable communities. Our greatest strength is the study of community and system change. Our objective is to develop the knowledge necessary to address social problems in a way that benefits all communities. Our services include research and ...

Community Science, Connecting Knowledge with Social Change

Choosing a CERTIFIED FINANCIAL PLANNERâ„¢ (CFP Â®) professional is as important as choosing a doctor or lawyer; it's a very personal relationship. Many CFP Â® professionals specialize in working with certain types of clients, such as small-business owners, executives or retirees. Some specialize in certain areas of planning such as retirement, divorce or asset management.

The main distinction between administrative social science data 2 and the data traditionally used in the social sciences, can be effectively characterised by the distinction between found and made data. Generally, social

scientists make use of made data which they collect through experiments and observational studies (e.g. social surveys).

The role of administrative data in the big data revolution
