How to Use This Guide The guide will lead you through the following processes: Developing a pollution prevention program for your facility.

A Guide to Pollution Prevention Planning (RG-409)

The Plan. A pollution prevention plan must be developed every three years. The current planning cycle extends from July 1, 2017 through July 1, 2020. Plans are not a public record and therefore not available to the public upon request. Completed plans do not have to be submitted but all plans must be reviewed by EAO staff. Companies are encouraged to submit the completed plan for review.
