political theory and the pdf

Systems theory in political science is a highly abstract, partly holistic view of politics, influenced by cybernetics. The adaptation of system theory to political science was first conceived by David Easton in 1953.

Systems theory in political science - Wikipedia

Classical pluralism is the view that politics and decision making are located mostly in the framework of government, but that many non-governmental groups use their resources to exert influence. The central question for classical pluralism is how power and influence are distributed in a political process. Groups of individuals try to maximize their interests.
