Anarchism is generally defined as the political philosophy which holds ruling classes and the state to be undesirable, unnecessary and harmful, or alternatively as opposing authority and hierarchical organization in the conduct of human relations. Proponents of anarchism, known as "anarchists", advocate stateless societies based on non-hierarchical voluntary associations.

A toolbox for analysing political texts. Discourse analysis is a useful tool for studying the political meanings that inform written and spoken text. In other posts, I have provided a quick video introduction to the topic, and have discussed the ideas behind discourse theory, the main questions that students and researchers will likely ask as they set up their discourse analysis project, and ...

A project funded by the Canadian Social Sciences and Humanities Research Council (SSHRC). Innovation is everywhere. In the world of goods (technology), but also in the world of words: innovation is discussed in the scientific and technical literature, but also in social science like history, sociology, management and economics.
